

***Members of Pritchett Water Supply Corporation***  
***Notification of Maintenance/Repairs on Plant #22***

Beginning Tuesday, May 12, 2020, Pritchett Water Supply will be doing mandatory maintenance on the elevated storage tank @ Plant #22, also known as the Rhonesboro Well at 158 Eagle Landing Rd., Winnsboro, TX 75494.

The tank will be bypassed and taken out of service for the duration of the maintenance due to continue until June 25, 2020. You will not be without water, however, you may experience a variance of pressure and possible discolored water. The water has been disinfected and safe for use but due to pressure changes, minerals that discolor the water may be observed. Estimated time of maintenance is 40 days, so please be patient as these maintenance issues must be addressed and completed. You may want to be pro-active in drawing water ahead or have bottled water on hand to assure you have adequate water during this time of maintenance. Please contact the office @ 903-734-5438 if you experience any issues to help us pinpoint problem areas, and please be conservative with water usage as much as possible. We apologize for any inconveniences during this time of maintenance.

We have highlighted areas on the map for you to see if your water maybe affected.

Only some area of these roads maybe affected, however, not all in their entirety;

***Eagle Landing, State Hwy 154, FM 1002, Slash Pine, FM 49, CR 3560, Palm Rd., CR 3550, Zubin, Bluewood, White Dogwood, Tangerine, Silver Maple, N Live Oak Rd., Nutmeg Rd., Catclaw Rd., Mimosa Rd., Limetree Rd., Blackjack Rd. and Holly Rd.***
