

***Members of Pritchett Water Supply Corporation***  
***Notification of Maintenance/Repairs on Plant #23***

Beginning Wednesday, September 21, 2022, Pritchett Water Supply will bypass the elevated storage tank @ Plant #23, 2761 US Hwy 271 S, Gilmer, TX 75645 to do mandatory maintenance on this storage tank. **You will not be without** water as water will be redirected at this time. However, you may experience a variance of pressure and possible discolored water. The water has been disinfected and safe for use but due to pressure changes, minerals that discolor the water may be observed. Estimated time of repairs is 6 weeks, so please be patient as these repair issues and maintenance must be addressed and completed. Please contact the office @ 903-734-5438 if you experience any issues to help us pinpoint problem areas, and please be conservative with water usage as much as possible.

All areas serviced from Plant #23, located on Hwy 271, Plant #20, located on Hwy 155 S and 1B on Locust Rd. may be affected. This includes Hwy 271 to Evergreen and across Evergreen, FM 2685 to the Red Rock Community, Hwy 80, FM 1404 and Hwy 155 S from Gilmer to Big Sandy and **all the connecting roads** in between these 3 plants.

We apologize for any inconveniences during this time of repairs and maintenance.
